

## Post Boxes and Bags

Pak Post offers the post box rental services at major urban centers. All fully prepaid unregistered letters, postcards, newspapers, packets, intimations and addresses receipts are sorted into the post box. The renter of a box or his messenger is entitled to clear the box at his convenience during business hours. The box can be rented for a calendar year on payment of prescribed fees.

Private bag can also be rented at Post offices as an alternative to the post box. It must be conveyed by the renter or his messenger to and from the post office. Correspondence for the renter is sorted into it. The bag can also be used to convey to the post office articles of unregistered letter mail for posting.
